An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Robert Popa on 19 July 2007.

Please amend claim 1 line 4 as follows:

Claims 11-17 are canceled.

The following is an examiner's statement of reasons for allowance: The cited prior art, Feigen, Deo, and Le, teach methods of providing integrity assurances for transactions. However, the cited prior art fails to teach or suggest interrogating an electronic transaction terminal with an electronic security device to obtain an integrity metric for the transaction terminal measured by a trusted device contained within the transaction terminal after the last restart of the transaction terminal. As a result, the cited prior art fails to anticipate or render obvious the above-cited claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
